

# Budget T35 Demountable Office Partitioning

This is a flexible modular panel system catering for future relocation of walls to grow with your business requirements. The flexibility of the Budget T35 System can offer you a range of the following options that we can custom build for your application

- Quick and Easy Installation – We manufacture the Budget T35 system off site in our Bayswater Factory Premises. Installation on site is dustless and quick therefore offering the client less disruption.
- Full Height and Screen Height – The Budget T35 Demountable System is available both in full height and screen height systems giving you design consistency throughout your entire fit-out.
- Re-useable – The Budget T35 Demountable system is fully relocatable therefore saving money on future changes you may make to your office structure.
- 35mm Slim Line – The Budget T35 Demountable system offers a sleek look and is the slimist full height demountable partition wall on the market. The systems solid 33mm construction offers fantastic acoustic qualities.
- Colour Options – The Budget T35 Demountable system has an endless colour range using premium fabric and paint selections from leading manufacturers and a range of powdercoated aluminium sections to enhance the look
- Configuration – The Budget T35 Demountable system offers Solid, Half Glazed, High Glazed, Full Glazed Partitions, the combinations are endless. We custom build to suit your needs so there is no restrictions on manufacturing concepts.
- Doors and Frames – The Budget T35 Demountable Door and Frame system can incorporate any style doors. Flush panel painted doors or Aluminium Glazed doors are all available. The system also caters for sliding doors in all styles.

## Experience from the past, vision for the future

- Tax Benefit – The Budget T35 Demountable system is classified as furniture not Construction / Infrastructure therefore offering greater tax flexibility through depreciation.
- Power Data – The Budget T35 Demountable system has an integrated base system offering concealed segregation for your power and data requirements.
- The Budget T35 Demountable Partition system is a modern, practical, stylish system guaranteed to be the future look of your office makeover. Please feel free to view the system in our showroom.
